### **STEWART BUSINESS SYSTEMS IS FEATURED AT CHAMBER OF COMMERCE SOUTHERN NEW JERSEY BUSINESS EXPO 2010**

*Stewart to Demonstrate Xerox's Highly Acclaimed Advanced Technologies in Booth #143  
**Cost Savings 62%, Waste Reduction 90%***

BURLINGTON TOWNSHIP, NJ September 1, 2010-STEWART BUSINESS SYSTEMS, One of New Jersey's major office technology providers is pleased to announce that it will be demonstrating at the Chamber of Commerce Business Expo. Stewart Business Systems will be spotlighting the highly acclaimed Xerox technology that is revolutionizing color printing forever. This year's Chamber of Commerce Southern New Jersey Business Expo will be held at the Crown Plaza Hotel in Cherry Hill on September 16, 2010. [www.exposnj.com](http://www.exposnj.com)

On display inside booth 143, representatives from Stewart Business Systems will demonstrate the true industry game changing technology from Xerox. Accolades are stacking up for the **ColorQube** 9200 series. So far, it has received an "Outstanding Achievement Award for Innovation" from Buyers Laboratory, Inc., a "Technological Innovation Award" from Industry Analysts, Inc. and a "BERTL's Best" award for "Most Innovative Color Printer Pricing." Stop by our booth #143 to learn more about this award-winning solid ink product that industry experts are calling "a bold and innovative play" and customers are calling "an awesome machine."

STEWART BUSINESS SYSTEMS will also demonstrate how it is helping businesses gain control of their print and copy costs with their Smart Print Program. Smart Print is a comprehensive Service Program designed with a total end to end solution. **Stewart's Smart PRINT Program** is a total cost-per-page program that consolidates printer and copier supplies, parts, and service into one manageable cost. A customer only pays for the pages that they print. Customers who are covered under the Smart Print Program no longer need to warehouse supplies, prepare separate purchase orders, call for billable service and parts, or manage their run away print expenses. Stewart's 50+ technicians take responsibility for all service and repair, while Stewart supplies all consumables at no additional charge.

#### **One call takes care of it all.**

STEWART BUSINESS SYSTEMS President Joe O'Malley commented "Our **Smart PRINT Program** has been met with overwhelming excitement. All of our customers are thrilled to have all their printers under contract with our award winning service while at the same time experience significant operational savings. It's an easy carefree program for our clients and helps control costs at a time when cost cutting is critical in today's business environment." O'Malley adds "The **ColorQube** is the buzz of the industry. It's unbelievable; this new technology will deliver significant cost savings by reducing waste. It's a product developed to meet today's most pressing issues, both cost and waste."

#### **About Stewart Business Systems**

Since 1959, Stewart has been well known for its Rapid Service Deployment, delivering professional, fast, and courteous service to all its customers. Stewart is proud that for over 50 years we have been providing New Jersey, Eastern PA, and Northern DE with state-of-the-art network and stand-alone copiers, facsimile systems, digital duplicators, printers, folders, shredders, service and supplies. Today, Stewart Business Systems is a subsidiary of Global Imaging Systems, Inc. A Xerox wholly owned company. Stewart has evolved into an industry leader, offering an innovative mix of products and services that have affected the way that organizations manage their digital assets and output.
